He is the languages coordinator at CSU Todos Santos Center in BCS, Mexico. He holds a specialization in ELT by UPN and currently studying for his MA in ELT by the University of Southampton in the UK.

EXPLORING COMMUNITIES ACROSS BORDERS

This book is the result of all the hard work of students in Pescadero BCS, Mexico including Olaf Morales language coordinator at CSU Todos Santos Center and volunteer teacher Doreen Richmond.

Special thanks go to the National Education Association (NEA) and for its success grant of Exploring Communities Across Borders for connecting students at Beach School Elementary from Lummi Island, WA with students in Pescadero, Baja California Sur.

This book project was one of the ways that we helped students get and use iPads and books to work on their English skills and get to know their community via talking, writing and art.

EL PESCADERO, BCS. MEXICO

Pescadero (official name, El Pescadero) is a very small town located less than an hour north of Cabo San Lucas and fifteen minutes south of Todos Santos in Baja California Sur, Mexico. It is a small town, with a few businesses and small shops with limited supplies. The climate is heavily influenced by the Pacific Ocean, which moderates the temperatures year round.

One of the great joys of visiting Pescadero is the opportunity to see whales swimming, breaching and spy-hopping along the shores each winter
